## Monthly Tips:

01

### A well defined RACI is helpful

Clearly define roles and responsibilities at the beginning of the project to ensure every team member understands expectations, reduces confusion, avoids overlapping tasks, and helps prevent delays throughout execution.

02

### Communication does not need to be complex

Communicate regularly through brief, structured updates to keep all team members aligned, quickly address issues, maintain accountability, and ensure the project progresses smoothly without misunderstandings or missed information. Everyone needs to be clear on their tasks today & tomorrow!

## Monthly Article:

### Servant Leadership in Agile Explained

Today leadership has shifted from command-and-control to people-centric approaches.

Servant leaders prioritize empowering their teams by meeting individual needs, ensuring access to support, resources, and autonomy to perform effectively.
