What happens if 2 marketers approach the same company? **The one who issues 1st quotation will secure the specific topic for that company. Another marketer can still approach the company with different training topic.**

Why is the commission given only on 1st day of training?

**Even if grant is approved, there is still a chance training to be cancelled OR rescheduled by company. Levy claim to Trexx by HRDCorp only guaranteed 100% once training is done. Hence earliest to pay commission would be 1st day of training (even before Trexx can claim & receive HRD levy)**
